# TESTIMONIAL LETTER

I have been working with Lauren and her team on multiple projects for the past fifteen years. In addition to decorating my Victorian house in Englewood she did a remarkable job on an Adirondack style weekend lake house that has been photographed for magazines and included in a special book devoted to Adirondack style homes. I have also redecorated several rooms that needed updating as my children grew older and our needs changed. In addition, Lauren designed and decorated the gut renovation plus extension of my in-laws home, which turned out beautifully.

In addition to having impeccable taste, Lauren is easy to work with; she clearly communicates her thoughts and readily answers questions with well thought out opinions. She understands the needs of family life and how that translates into designing spaces for the family as well as its individual members. Lauren is open to suggestions, yet has a clear vision for a project. Her confidence always enabled me to move forward on projects when I could have easily remained stuck, unable to make a decision. Lauren has wonderful vendors with whom she has worked for many years, designing such items as customs chairs and sofas. My husband is quite tall and appreciates that Lauren will order pieces with this in mind.

Lauren's office staff is quite professional, with up-to-date, accurate invoicing and reliable message-taking. Lauren is very hands-on and will make a point of quickly returning all calls, answering the majority of my questions herself. When you use Lauren you benefit from her great style, use of color and patterns, sense and practical approach to living.

Thank you again!

Dr. Ronald and Elizabeth Krinick
